CHINAFORE
浙江双花制冷系统有限公司

Welcome //

Here, We are very proud to introduce our new condensate pump - **TRANQUIL** series.
TRANQUIL series uses a capacitive sensor to detect water instead of the traditional float and hall element. The soft start mode greatly reduces the starting noise and extend the service life of the pump and electronic components, and with counter to record running time and alarm.

during 2022...

Low noise

Safe and reliable
water detection

Large flow

Function key Fn

Soft start

Convenient cleaning

CONDENSATE PUMP

2023 NEW!

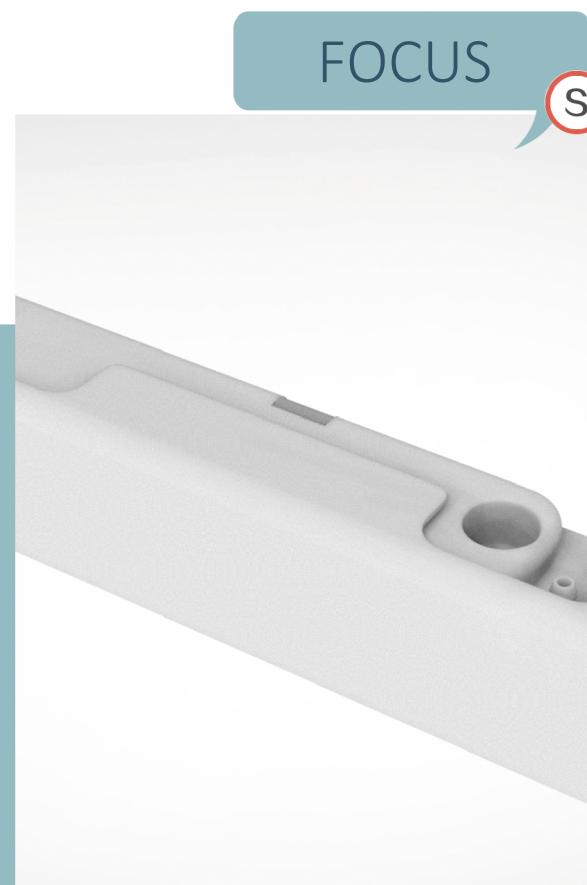

Tranquil - I

- 2 mode switch
- Low noise

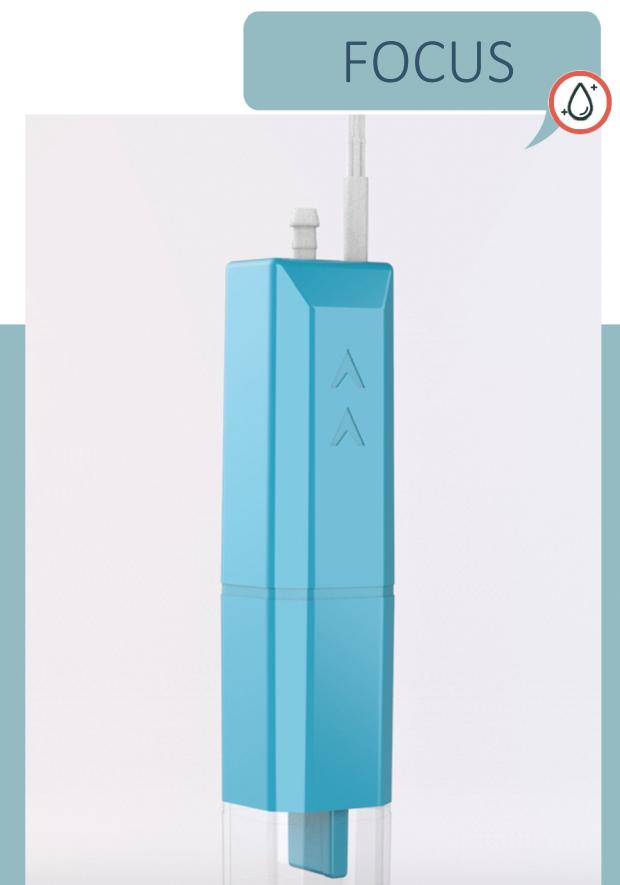

Tranquil - S

- 3 mode switch
- High flow rate

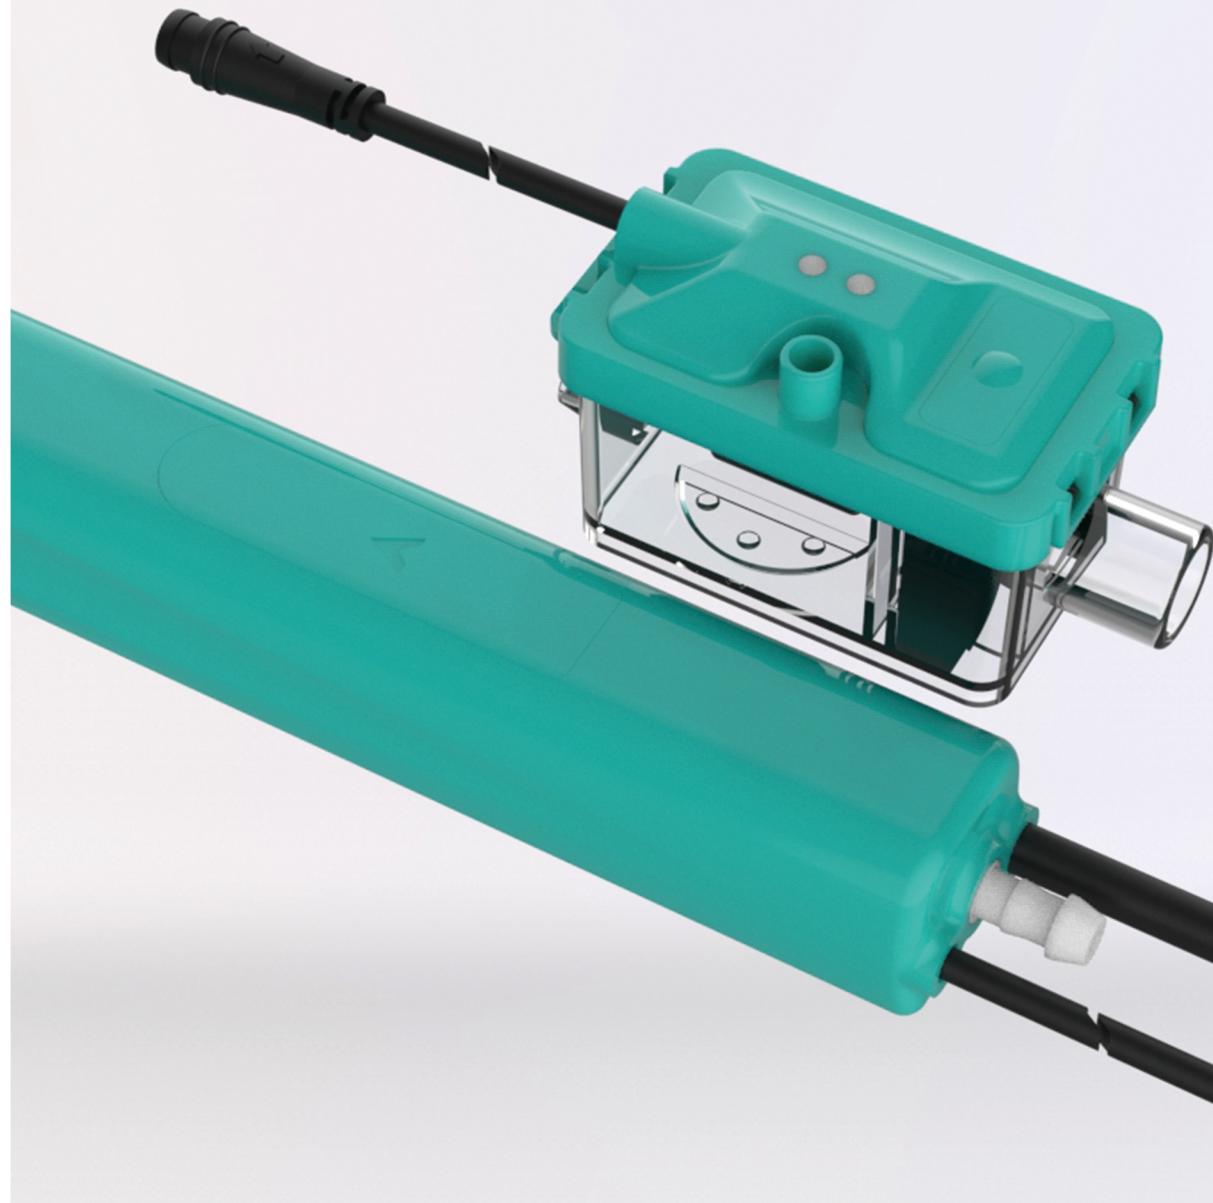

Tranquil - X

- 3 mode switch
- Convenient installation

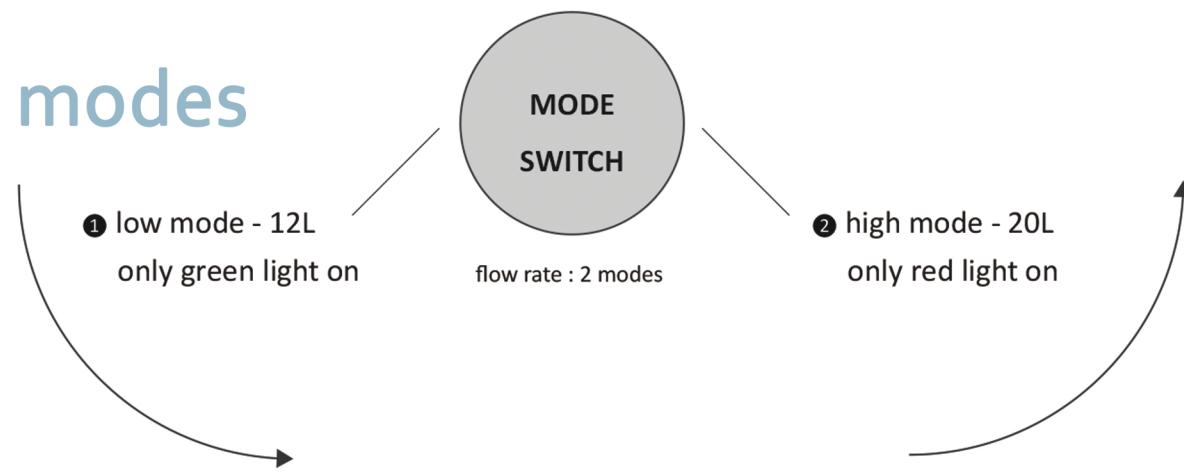

Tranquil - D

- Water resistant IP-68
- High efficiency

2 modes

TRANQUIL-I

- Low noise
- 2 mode switch

> TECHNICAL DATA >>>

- Power supply : 100-240V AC 50/60Hz <4W
- Max.flow:
- Low mode 12 L/h, 17 dB(A) @ 1M
- High mode 20 L/h, 19 dB(A) @ 1M
- Max.recommended head: 12 M
- Max.suction lift: 2 M
- Max.unit output: 16 kw / 54,600 Btu/h
- Max.water temperature: 70°C
- Discharge tube: 6mmID
- Class: II appliance
- Protection: Fully potted, IP-45
- Start method: Soft Start
- LxWxH: 187mm x 29mm x 29mm

AIR CONDITIONER

Tranquil-S

Triple filtration

Max.flow

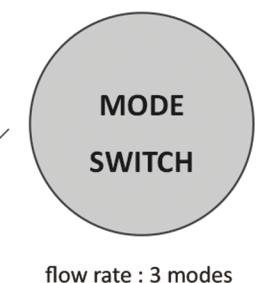

40 L/h

Refcenter®

3 modes

- ① low mode - 20L
only green light on

- ② medium mode - 30L
only red light on

- ③ high mode - 40L
green & red light on

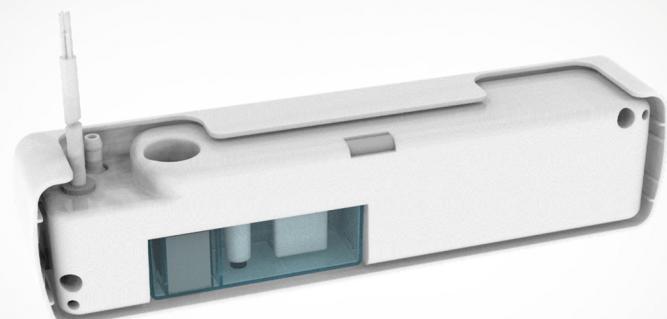

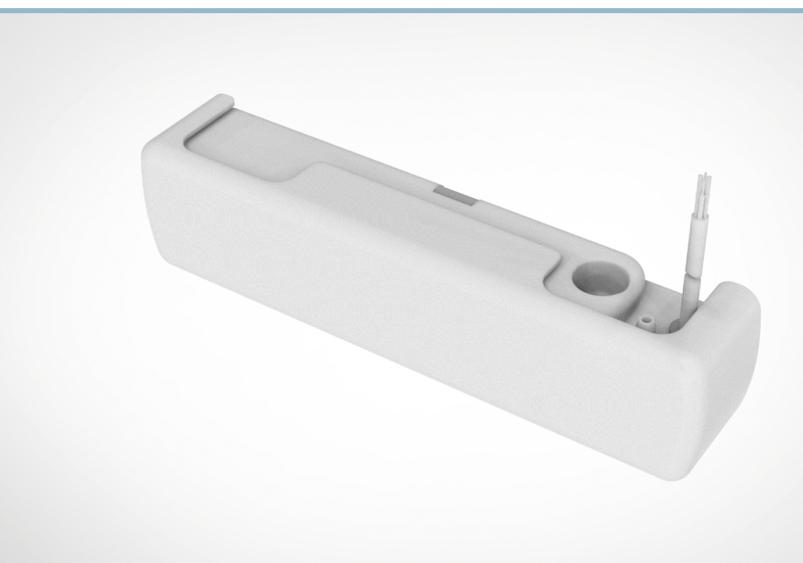

> TECHNICAL DATA

- Power supply : 100-240V AC 50/60Hz <4W
- Max.flow:
 - Low mode 20 L/h, 16 dB(A) @ 1M
 - Midum mode 30 L/h, 17 dB(A) @ 1M
 - High mode 40 L/h, 19 dB(A) @ 1M
- Max.recommended head: 20 M
- Max.suction lift: 2 M
- Max.unit output: 46 kw / 157,000 Btu/h
- Max.water temperature: 70 °C
- Discharge tube: 6mmID
- Class: II appliance
- Protection: Fully potted, IP-45
- Start method: Soft Start
- LxWxH: 185mm x 36mm x 34mm

Who We Are?

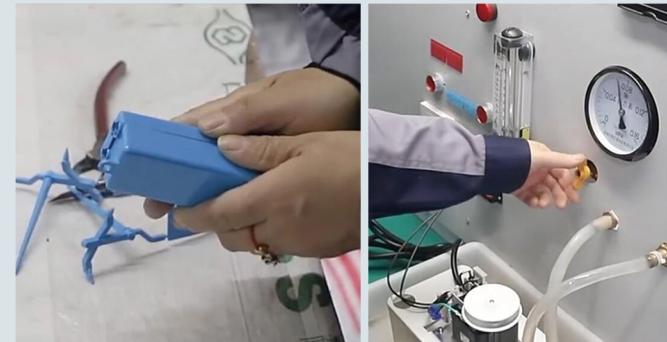

CHINAFORE is a professional manufacturer and exporter of accessories for

Heating, Ventilation, Air conditioning ,cooling and refrigeration(HVACR), located in Hangzhou city, China.

It owns Chinafore CO.LTD, CHINAFORE CORPORATION, REFCENTER CORPORATION.

We are also manufacturer and supplier of air conditioning parts, including condensate drain pump, vacuum pump, manifold gauge, A/C brackets, refrigeration gas, cooper tube and fittings, thermometer, capacitor and etc.

With experience of more than 16 years, we are exporting overseas such as Europe, South America, North Africa etc. We have a strong design team, mass production capabilities, the standard quality control procedures, logistics services, after-sales service, all of which allows us to provide more effective solutions to demand for cost savings and the strict quality control from clients.
